REGISTERED IMPORTED AND  
CANADIAN BRED  
SHORTHORNS

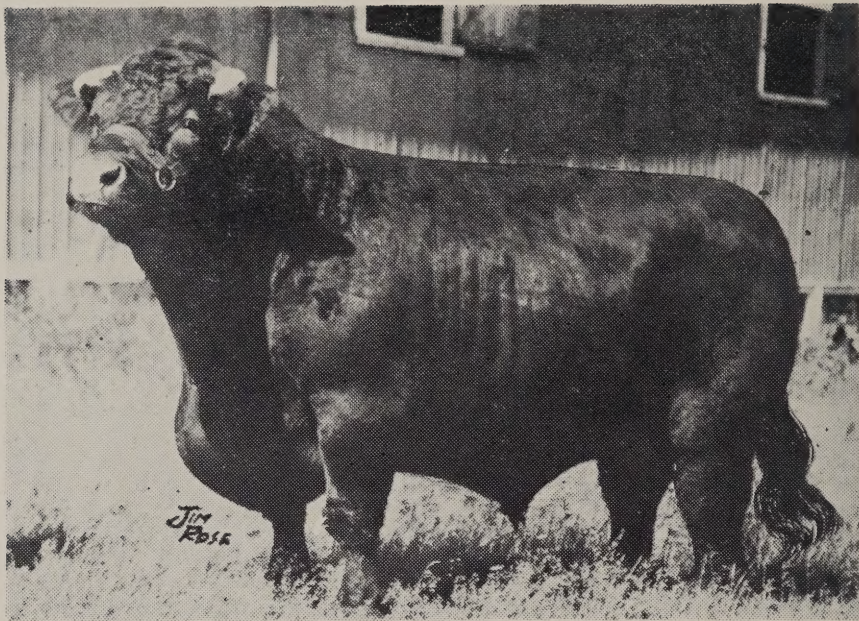

CANARD FARM

PORT WILLIAMS ♦ NOVA SCOTIA

OCTOBER 24, 1956

**SCOTSDALE FAIRDEAL**

Sire of 8 Sons and 33 Daughters in this Sale.

**Canard Rosewood Family**

## Foreword

---

This Dispersal Sale offers an unusual opportunity to breeders of top-notch Shorthorn cattle.

Of special interest to Western breeders is the fact that heifers purchased at our reduction sale last year won enough prize money at the Maritime Winter Fair in Amherst to pay their freight to Toronto. Of the four animals shown at the Royal Winter Fair in Toronto, three of them stood well up in the money and one won her Class and went on to become Reserve Senior Champion Female of the whole show. This same female was again shown at the Canadian National Exhibition in 1956 and repeated her previous performance by becoming Reserve Senior Champion of that Exhibition. More of these same cattle are offered again this year and all cattle bought at the sale will be delivered free as far as Amherst, with the entrance fees paid at both Amherst and Toronto on the ones that we feel should be shown.

This herd was founded in 1936 by Mr. George A. Chase who immediately placed it under the capable guidance of Mr. W. W. (Bill) Wilson. Bill Wilson is well known across Canada as one of the best students of Shorthorn cattle. Over the last twenty years, he has managed this herd in exactly the way he felt it should be managed to produce the best possible results. Now, on the threshold of retirement, Bill is offering to other breeders the results of his experience.

Eight imported cows will be offered, three of which are the dams of prospective herd sires in the sale. Scotsdale Fairdeal will be represented in the sale by thirty-one daughters and five sons.

The herd is fully accredited and heifers are vaccinated. Export health charts will be available.

For the most part these cattle are in just good pasture condition.

Headquarters for the sale will be the Paramount Hotel, Wolfville, N. S. We shall be pleased to make reservations. If you write us please advise when you expect to arrive.

## TERMS—Cash

This is an unreserved sale, all of the cattle will be sold to the highest bidder. If two or more bidders claim an animal when announced sold by the Auctioneer, the sale of the said animal will be re-opened, and the decision will be made in favour of the highest bidder.

The owners will represent and be responsible for the animals sold and will guarantee them to be as represented in the catalogue. Any corrections to the catalogue will be made on sale day and will take precedence over the printed catalogue.

All of the females bred previous to September 1st will be examined for pregnancy, and any animals bred after September 1st can be held at the Farm, if the buyer wishes, until they are considered safe in calf.

All bulls are guaranteed breeders. If any bull over 14 months of age fails to breed, he must be reported within 6 months. The consignors will not be responsible for any damages caused by the new owner, nor will the consignors be responsible for the transportation of any animals which might be returned.

Animals become the property of the new owner when announced sold by the Auctioneer, but reasonable care will be provided for the animals until satisfactory shipping arrangements can be made.

This is a good young cow out of lot No. 12. She has been shown with considerable success. Will have her third calf by sale date. Her yearling neifer was one of the best in the 1955 sale, purchased by Mr. S. G. Bennett. She has plenty of size and quality combined. She is a maternal half-sister to the Reserve Grand Champion at the 1955 Royal. Anyone would be well advised to buy this young cow out of one of our best breeding families.

In our opinion this is the best young cow we have bred on the farms. She is low and thick and smooth and wonderful color, sucking her second calf by Scotsdale Golden Highlight and will be rebred to Highlight again. Her yearling bull is doing service in the herd of J. B. Cox, Kingsport, N. S. Anyone interested in foundation females with depth of breeding and show ring possibilities should be interested in this young cow. She will be entered for Amherst and the Royal Fairs. We have never had the privilege of buying one we liked better.

This has been a wonderful breeding and show cow. She produced six calves in seven years and is in calf again to Golden Highlight. Her progeny were all of show caliber and were nursed by herself. Five of the progeny sold for an average of over \$500. Her yearling heifer in the 1955 Production went to Mr. S. G. Bennett and stood 5th in a strong class at the Royal. She is nursing a full sister now which will be sold in the sale (lot 27). This cow was Grand Champion at the Maritime Winter Fair. Three of her sons are in service in the better herds in the Maritimes.
